

St. Timothy Council 12255
Knights of Columbus
Walkersville, MD

March 12, 2009

Dear Mr. Griffin,

To say Community Living is thrilled is an understatement! What you and your fellow Knights have done for us is beyond description. We have just finished a meeting where we have decided to split your money between two of our activities that our residents seem to most enjoy: ten pin bowling and our gardening program. The ten pin bowling program involves more than 20 residents and the funds that you have given us will allow us to help fund these people for several more months at one of their favorite activities.

Here at the office we have a memorial garden and a greenhouse. We have two interns that are going to initiate a program with our people to help start plantings for the memorial garden. Our regular staff is going to work with our residents in our greenhouse to start plantings for summer vegetables.

I hope that we can coordinate a time to take a picture with you and some of our residents either bowling or here at the office in the greenhouse.

Again, our deepest thanks for the work you did to raise the money is most appreciated.

Sincerely,

Sarah Matthews
